affordable & hassle-free

IT SOLUTIONS

for small & medium
business in and around
Gibraltar

Security

We can help you identify, understand and control the technology-related risks your business is exposed to and balance it against the working requirements of your staff.

- » Penetration Testing
- » Network Security
- » Endpoint Security
- » Data Protection, Deletion and Recovery
- » Web and Email Security
- » IT Security Awareness Training

Training

Our training courses are typically tailor-made to suit each client's requirements. We can deliver courses in a variety of formats: one-to-one, open group, closed group at your premises or at one of our venues and, support during a roll out. Our most popular courses cover **Microsoft Office** applications.

IT Support

ACEHOBA provides affordable, quality IT support for small and medium businesses in and around Gibraltar.

Whether you need a new office network set up, existing infrastructure upgraded, or ongoing support, we offer prompt and expert advice. Our support rate is a very competitive £35 per hour.

We can fully project-manage any IT initiative or simply support your internal IT staff.

In addition, we can also procure almost any hardware, software, peripheral device, consumable and electronic device on request. We do not have an expensive showroom which means that we can pass the savings onto you.

£ **35**
per hour
